# A Word from our Chairman

## OPERATIONS

The month of February was our quietest for some time with the movements to and from Covid Levels 1 and 2, impacting on our day to day trading and functions. Nonetheless we went very close to breaking even for the month bottom-line wise so we are satisfied with that result. Our year to date position continues to be very satisfactory and considerable ahead of the comparative period last year. At the time of preparing this report we are pleased to advise March has been a good month for us, with no further Covid disruptions and will finish the 20/21 year off strongly.

Our staff have been very busy during the last few weeks with many working every day to cope with the additional functions and events. Again I want to say a big thanks to our team who, when the situation demands as it has in the past few weeks, just stepped up to the task and continued on with smiles on their faces. We are so fortunate to have such a willing and able team and I ask you all to pass on your compliments to them when you can.

As part of our 50th Jubilee celebrations we hosted the Fire Service and East Coast Chartered Clubs Outdoor Bowls Tournaments and these were both very successfully run. We thank our Outdoor Bowls Adjunct for their work in making these events so successful and again our Staff for their part.

It certainly made me proud of our Club to hear so many compliments from our visitors. Comments such as “ what a great Club you have here “ , “ the service and food here is outstanding “ and “ we will definitely be back here “ is very heartening and again a tribute to our management and staff.

## FINANCIAL

As mentioned earlier our financial position continues to be strong and we are confident of reporting a very good result for the year at our 2021 AGM. We are not yet far enough advanced in our annual balance timetable to give an indicative date for the AGM.

Our Insurers required us to have a revaluation of assets for Insurance purposes this year, a function normally required about every three years. Our previous valuation was about 10 years ago so not surprisingly this year's valuation came in substantially higher at approximately \$4 million up to approximately \$10 million. Whilst such a valuation increases our equity, it will also substantially increase our insurance premium. We are currently awaiting details from our Insurers but we expect this to be in the order of \$10k over last year.

We have successfully applied for the Covid Government Resurgent payment for our slower trading in February whilst at Level 2 and this will effectively cover our trading loss for that month.

## ANZAC DAY

We will this year, Covid issues excepted, be conducting an Anzac Day Service on Anzac Day, Sunday 25 April. This day will be open to all Club members and we sincerely hope many of you will attend. We are planning to commence with a Breakfast at 7 a.m., followed by a formal Anzac Day Service at 8 a.m. We are very grateful to our Greendale Services Adjunct, who are providing the expertise to organise and run the day but stress this is a Taradale Club event open to ALL CLUB MEMBERS. Further details as to times etc., will follow closer to the date.

Cheers  
Lloyd

# The Manager's Message

Well what a crazy month it turned out to be, it started off with a Level 2 and really did not do us any favours, but as soon as it was over we excelled again and it came back ten times stronger and we worked.

The club was buzzing for the rest of March and we loved finishing the month strong, and not just the month but actually being able to finish the financial year for the first time since 2019.

We all believe we had a great finish to a year of major uncertainty, and we can build from this going forward.

Hopefully Covid stays away for good.

We have decided to change the accumulation for the members draw and it will now be climbing at \$300 per week. We are also about to launch another weekly game to boost those funds again. But for now we will cover the cost of the members draw.

The staff have been hard at work and we have had to keep on dealing with shortage of staff, just like every other business in NZ but we keep our heads up and keep on trucking.

I would like to thank all my staff for their efforts to getting us to the last month of they year and all the work that they have put into it. You are all wonderful in my eyes and we couldn't do this without you.

Anyway, it's getting colder and colder and winter is on its way, so stay warm and dry and we will see you at the club.

Happy Dayz
