A WORD FROM OUR CHAIRMAN

OPERATIONS

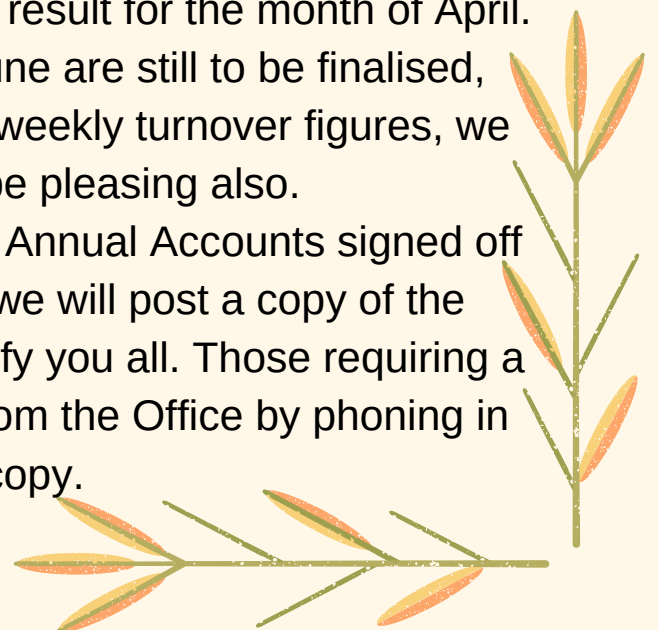

I am pleased to report our great start to the current year has continued through the month of June. Our average weekly turnover since 1 April has been very pleasing and whilst we have set ourselves a stretch budget for the year, the first quarter has given us a solid start. We have incurred some significant costs during the period with some fairly major repairs and maintenance costs and our accounting costs have been considerably above budget. Our accounting costs were higher due to implementing the change from Myob to Xero over the latter months of our previous financial year and into the early part of our new financial year, changes in Office personnel and difficulties experienced in producing our annual accounts. We are now through these difficulties and have implemented some changes which will put us in better stead going forward.

We have enjoyed some great Adjunct activity since the start of our new year, with Outdoor Bowls, Indoor Bowls, Pool and Racing all hosting some major events. Visitors to our Club have been very impressed with the facilities we have, the services we provide, the small, hard working and friendly staff we have, with many complimentary comments made. As Club Members, we should all be proud as should our respective Adjuncts, for the work they put in securing, organising and hosting these events.

FINANCIAL

We recorded a very satisfactory net profit result for the month of April. Accounts for the months of May and June are still to be finalised, however based on our very satisfactory weekly turnover figures, we expect these two months to be pleasing also.

We are now close to getting our 2020/21 Annual Accounts signed off by our Auditor. When we receive this we will post a copy of the audited accounts on our website and notify you all. Those requiring a paper copy will be able to pick one up from the Office by phoning in and requesting a copy.

A WORD FROM OUR CHAIRMAN

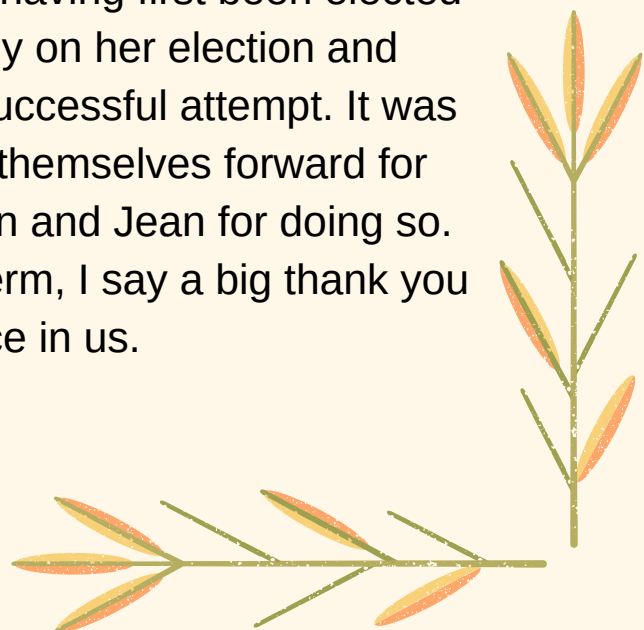

ANNUAL GENERAL MEETING

Our AGM on 27 June was well attended by 83 members. On behalf of our Committee I again say thanks to all for attending the meeting and giving us a vote of confidence by supporting the Notices of Motion put forward. The result of our Election for Committee of Management has now been declared, with voting having closed at 5 p.m. Wednesday 7 July and vote counting and checking now completed. We thank our Returning Officers, Val McBride and Tony Wall for their work in checking the eligibility of all votes cast, counting and checking the votes.

There were 208 votes submitted by completed ballot papers and email, with the following number of votes received for each candidate:-

Craig Macmillan	148
Lloyd Fitness	168
Darryl Le Claire	118
Keith Orange	128
Jason Collins	85
Jean Donnelly	90
Invalid	7

The elected Committee of Management for the 2021/22 year will therefore be Craig, Lloyd, Darryl, Keith, Jean & Karla Lee. Karla was automatically re-elected for a second term, having first been elected last year. We congratulate Jean Donnelly on her election and commiserate with Jason Collins on his unsuccessful attempt. It was pleasing to have two new candidates put themselves forward for election this year and we again thank Jason and Jean for doing so. On behalf of those re-elected for a further term, I say a big thank you for your votes of confidence in us.

A WORD FROM OUR CHAIRMAN

The Returning Officers report of the Election Result will be incorporated under our AGM section in our website and including in our next weekly notice to members.

We also reiterate our congratulations to Gerald McCarthy, Neville Rowe and Tony Wall, for being elected as Life Members at the AGM. These three members have all given great service to our Club over a number of years and fully deserved such recognition. We thank those members who attended the AGM, for unanimously endorsing the Committee's recommendation in this respect.

TARADALE CLUB SERVICES ASSOCIATION

The Greendale Services Association, at their AGM in June, resolved to change their operating name to Taradale Club Services Association, with our approval and full support. Due to the GSA Incorporated Society status and Welfare Benefits Trust activities, they are unable to become an Adjunct of our Club, however this operating name change will give them greater recognition, of being very much part of us, with the services and benefits they administer, being available to all Taradale Club members.

JUBILEE DINNER

Our 50th Jubilee Dinner, to be held next Wednesday evening, 14 July, will be a highlight of our Jubilee celebrations. We sincerely thank Grumpy's Lotto, Neville and Alison Rowe for their very generous contribution from their fundraising efforts, towards the dinner. We most sincerely apologise to those members who were unable to be included due to the limited number, we could cater for at this event. It would have been great, but not possible, to have an open invitation to all members. We trust all who do attend, will thoroughly enjoy the occasion.

In conclusion, we have made a great start to our 2021/22 year and long may this trend continue as we commence the journey towards our Centennial. Sadly not too many current members will get to see that milestone, but let's be heartened by our contribution to continuing the journey started by our original members 50 years ago.

Kind Regards
Lloyd
